Dear Parents

I am writing to inform you about our current initiative to enhance letter formation skills in our Early Years Foundation Stage (EYFS) and Key Stage 1 (KS1) classes through the use of the Letterjoin programme. This resource has been instrumental in helping our children develop their handwriting skills in an engaging and effective manner.

Letterjoin provides various interactive activities that guide children through the correct position, movement, and starting points for each letter. Our aim is to ensure that by the end of Year 2, all pupils can join letters fluently, which is a crucial skill for their literacy development and fluency when writing.

In addition to our daily classroom activities, we encourage you to reinforce these practices at home. The Letterjoin app is accessible for home use, and we believe that regular practice outside of school can significantly benefit your child's handwriting skills. Should you wish to access the app, it is available for download on various platforms, and instructions can be found on our school website or page 2.

We have been diligently working on our handwriting policy to provide a consistent approach to teaching handwriting across the school, as it grows. This policy outlines the expectations and strategies we employ to support our pupils in developing their handwriting skills effectively. You are welcome to review this document on our [school website](#).

We appreciate your support in helping your child develop strong handwriting skills, which are essential for their academic progress. Should you have any questions or require further information, please do not hesitate to contact the school.

Thank you for your continued partnership in your child's education.

Kind regards

Staff Team at AFET
